

Poodle Health Registry is

Rounding Up Health Information

PHR is an international online registry for Poodles affected with any disease. This database is dedicated to improving the health of all varieties of Poodles. It gives you access to free, authoritative information about Poodle diseases of all kinds, dogs with professional diagnoses registered by owners, and 5-generation pedigrees of affected dogs.

Here's your chance to
MAKE A DIFFERENCE
in the future of our breed!

Contributions are tax deductible.

Register your Poodle, Partner!

If you are a puppy buyer seeking a new Poodle to join your family or a breeder looking for a good match, PHR will help you make an informed decision.

PHR is maintained by a board of internationally recognized Poodle health advocates and experienced volunteers. PHR is a nonprofit organization and depends exclusively on contributions.
